

3D LIDAR for outdoor applications

- **Application:** Outdoor
- **Integrated application:** Integrated field evaluation with flexible fields on 4 levels, Data output
- **Scanning range:** At 10% remission 15 m, At 90% remission 25 m
- **Aperture angle:** Horizontal (minimum 250°), Vertical (minimum 7.5°), Over 4 measurement levels
- **Number of field sets:** Up to 64 fields
- **Scanning frequency:** 50 Hz, 4 x 12.5 Hz
- **Enclosure rating:** IP65, IP67
- **Weight:** Less than 1.5 kg
- **Warranty – 3 Years**
