

Annexure-I

Equipment Name: DAQ card along with accessories

MAIN COMPONENTS

The major equipment comprise of the following:

Si. No.	Main Component/Equipment	Unit	Quantity
1.	DAQ card along with accessories	No.	1

TECHNICAL SPECIFICATIONS

Feature	Required features
Bus connector	USB 2.0 or higher
Maximum bandwidth	50 MHz
Maximum sample rate	100 Ms/s or higher
Number of voltage input channels	2
Analog input resolution	8 bits or higher
Onboard memory size	4 MB/ch or higher
Analog input voltage range	-20 V to 20 V
Application software	LabVIEW
Warranty	Minimum one year warranty period from the date of installation.
Eligibility Criteria	a. Should have Supplied to any IIT in India & details to be provided. b. Reputed Make

Note: All the technical parameters are indicative value, Bidder will be designing and specifying in their offer.
