

CORRIGENDUM 1

E-procurement Tender No. CE/CHAN/01/IOE23/SEISMOGRAPH
Equipment Name: 3-channel seismograph

The following Corrigendum is issued based on the queries raised in the online pre-bid meeting convened by the Equipment Purchase committee (EPC) on 16-3-2023 at 4 pm.

Query-1: Corresponding Specification No: A-1. The tender specifies internal geophone. Can they quote with an external geophone?

Response of the EPC: It is decided to retain the original specification

Query-2: Corresponding Specification No: A-1-ii. The tender specifies 30 days of continuous recording. Very few OEMs can meet this specification. Is it possible to reduce the recording duration?

Response of the EPC: It is decided to retain the original specification

Query-3: Corresponding Specification No: A-1-iii. Is it possible to provide relaxation on maximum weight?

Response of the EPC: It is decided to retain the original specification
