

Corrigendum 1

Reason for Corrigendum: Addendum to Technical Specification
Technical specification

In addition to the technical specification as listed in the tender document, the following additional parameters shall be complied to by the bidder for qualifying in the Technical bid

Sl. No.	Specification	Complied / Not Complied	Reference Page No.
1.	Compliance of IALA 1111-2015 detection range, accuracy, reliability, and target tracking capabilities of radar systems. Bidder shall also attach supporting certificates or documentation as a proof for their compliance.		
2.	Compliance with the standards of safety and effectiveness of radar operations in maritime environments. Bidder shall also attach supporting documents		

Note:

The evaluation criteria for technical compliance includes the acceptance thresholds for each requirement. Non-compliance in any of the technical specifications will lead to disqualification from the tender evaluation process.

All other terms and conditions of the tender remains same.
