

Date: 16.08.2018

**Minutes of the Pre-bid meeting held on 14.08.2018**

Tender No: : OED/2018/010/PROJECT/KMUR

Name of work : "Procurement of Desktop Ship Handling Simulator for NTCPWC."

Clarifications sought from to vendors and it is clarified in person as well as in mail.

Minutes of the discussion held for the above subject is appended below.

Sl. No	Points raised by Vendor	IITM Clarification
1	It is understood that IITM is requesting only the software and installation services by bidders, pls confirm?	We are looking for complete solution. Inclusive of software, hardware, installation and also training.
2	All IT infrastructure including the server, computers, monitors, power cabling and LAN cabling would be provided by IITM, pls confirm?	No IT infrastructure and necessary hardware need to be provided as part of this procurement.
3	Option to customize Hydrodynamics module" what is expected?	We do have our own models that are already well trained and validated for the key study sites and we wanted to incorporate the models in the simulation software.
4	It is understood that the setup will not have any dedicated hardware, however all actions of the hardware required for the bridge would be through keyboard and mouse through on screen visuals, pls confirm?	We also require console such as Rudder, AIS etc.,
5	There are hardly any govt organization who purchase marine simulators also desktop simulator requested is very basic simulator hence qualification criteria to be relaxed to any Govt/Private institute in India, our global reference list is as attached	Noted. Committee will decide on this
6	"ENCs license for one year for offered exercise areas" it is understood that one year ENC license will be for the ECDIS, pls confirm?	Yes
7	As requested we can provide 10 ship model and over 100 target model and 10 exercise area but Haldia port and other Indian port would need to be developed for which data will need to be provided to estimate the development cost.	We don't have any relevant data for the port area. You can quote the cost for the development of the port exercise areas.

Request for extension for submitting the tender is not entertained since the centre has to adhere the deliverable time given by Ministry strictly.
