Annexure – I

SCOPE OF WORK

This RFP is solely for the purpose of selecting a Service Provider for providing SMS services with provision of sending bulk SMS either manual and/or automatic through integration with our application. Messages will be distinct for each of the customers. Bidders' application should have the facility to upload the messages through specific templates for manual process. Service provider will share the desired format of the template to be uploaded with IIT. For automatic message sending, the Service provider will be required to ensure that IIT 's application seamlessly integrates with their application and all SMS are delivered to desired mobile numbers.

It will be the responsibility of the service provider to provide all the necessary support to IIT 's System Integrator for integration of SMS gateway with the IIT 's application.

If required, it will be the responsibility of the Bidder to obtain necessary approvals for providing the facility from TRAI or other statute.

DND (Do Not Disturb) compliance should be the responsibility of the Service provider.

IIT will not enter into any contract with any Carrier or Service Provider. The bidder shall be the single point of contact for IIT.

Categories of SMS

The type of SMS can be categorized as under:

Broadcast

This category of SMS will send informational or promotional messages to customers. Some examples are the launch of new courses, changes in exam fee, etc.

Events

SMS will automatically be sent to the customers when a certain event happens Some examples are Exam Dates announcement, Hall Ticket Availability, etc.

Solution Requirement

- 24x7x365 availability
- Access to all CDMA/GSM networks nationally.
- Secure encrypted connection with guaranteed delivery
- Ability to integrate with the IIT Application
- SMS Gateway solution should be Unicode compliant.

Specifications of SMS gateway service

It is the responsibility of the Bidder to change/upgrade/customize its infrastructure/solution at all levels for ensuring the compliance to statutory bodies viz. RBI, TRAI, etc at no extra cost to IIT .

The Bidder shall provide IIT with a report of successful delivery of messages. The Bidder will not change the content of the message, the originating party addresses or the destination party address unless otherwise agreed by both parties.

Estimated Volume

For an estimation purpose the bidder can take 50,00,000 outgoing SMSs per year.

Pls Note: The above given estimated volume is only an indication and the selected bidders at a later stage can make no reference to these estimates while raising their bills.
