The Manager (Project Purchase) Date: 28.11.2022

Open Tender Reference No: EE/GANT/64/2022/PCBMANASSEMBLY

GEM NAR ID: GEM/GARPTS/28112022/PWYNRH1B49LW Due Date/Time: 19.12.2022@ 3:00 PM

Dear Sir/Madam,

On behalf of the Indian Institute of Technology Madras, Tenders are invited in two bid system from Class-I local suppliers and Class II local suppliers, for the supply of: "**PCBs Manufacturing and Assembly**" Conforming to the specifications given in **Annexure -A.**

Tender Documents may be downloaded from Central Public Procurement Portal https://etenders.gov.in/eprocure/app. Aspiring Bidders who have not enrolled / registered in e-procurement should enroll / register before participating through the website https://etenders.gov.in/eprocure/app. The portal enrolment is free of cost. Bidders are advised to go through instructions provided at **"Help for contractors".** [Special Instructions to the Contractors/Bidders for the e-submission of the bids online through this eProcurement Portal"]

Bidders can access tender documents on the website (For searching in the NIC site, kindly go to Tender Search option and type 'IIT'. Thereafter, click on "GO" button to view all IIT Madras tenders). Select the appropriate tender and fill them with all relevant information and submit the completed tender document online on the website https://etenders.gov.in/eprocure/app as per the schedule attached.

1 1)	**Pre-bid Meeting Details**	**:**	NA
2)	**ICSR Vendor Registration**	**:**	**Vendor registration code.** Vendor registration with IC&SR (IITM) is mandatory for bidders to participate in tenders. ** **For Vendor Registration & Guidelines, Please follow the website :** https://icandsr.iitm.ac.in/vendorportal; Helpdesk: vendorhelpdesk@icsrpis.iitm.ac.in

No manual bids will be accepted. All tender documents including Technical and Financial bids should be submitted in the E-procurement portal.

Last date for receipt of tender	:	**19.12.2022 @ 3:00 PM**
Date & time of opening of tender	:	**20.12.2022 @ 3:00 PM**

3. Instructions to the Bidder:

A)	**Searching for tender documents**	**:**	● There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, organization name, location, date, value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as organization name, form of contract, location, date, other keywords etc. to search for a tender published on the CPP Portal. ● Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective **"My Tender"** folder. This would enable the CPP Portal to intimate the bidders through SMS / email in case there is any corrigendum issued to the tender document. ● The bidder should make a note of the **unique Tender ID** assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.
B)	**Assistance to bidders**	**:**	● Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender. ● Any queries relating to the process of online bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk. The contact number for the helpdesk is [0120-4200462, 0120-4001002, 0120-4001005]
C)	**Enrollment Process to Bidders**	**:**	**REGISTRATION** ● Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal URL:https://etenders.gov.in/eprocure/app by clicking on "Online Bidder Enrollment". Enrollment on the CPP Portal is free of charge. ● As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts. ● Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal. ● Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify / TCS / nCode / eMudhra etc.) ● Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSCs to others which may lead to misuse. ● Bidder then may log in to the site through the secured log-in by entering their user ID / password and the password of the DSC / eToken. ● Possession of a Valid Class II/III Digital Signature Certificate (DSC) in the form of smart card/e-token in the company's name is a prerequisite for registration and participating in the bid submission activities

			through https://etenders.gov.in/eprocure/app ● Digital Signature Certificates can be obtained from the authorized certifying agencies, details of which are available in the web site https://etenders.gov.in/eprocure/app under the "Information about DSC".
D)	**Preparation of bids**	**:**	● Bidder should take into account any corrigendum published on the tender document before submitting their bids. ● Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid. ● Bidder, in advance, should prepare the bid documents to be submitted as indicated in the tender document / schedule and generally shall be in PDF / XLS formats as the case may be. Bid documents may be scanned with 100 dpi with black and white option. ● To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such standard documents (e.g. PAN card copy, GSTIN Details, annual reports, auditor certificates etc.) has been provided to the bidders. Bidders can use **"My Documents"** area available to them to upload such documents. These documents may be directly submitted from the **"My Documents"** area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for bid submission process.
E)	**Submission of bids**	**:**	● Bidder should log into the site well in advance for bid submission so that he/she can upload the bid in time i.e. on or before the bid submission date and time. Bidder will be responsible for any delay due to other issues. ● The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document. ● Bidder has to select the bid security declaration. Otherwise, the tender will be summarily rejected. ● A standard BOQ format has been provided with the tender document to be filled by all the bidders. Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. Bidders are required to download the BOQ file, open it and complete the detail with their respective financial quotes and other details (such as name of the bidder). If the BOQ file is found to be modified by the bidder, the bid will be rejected. ● The server time (which is displayed on the bidders' dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission. ● The Tender Inviting Authority (TIA) will not be held responsible for any sort of delay or the difficulties faced during the submission of bids online by the bidders due to local issues. ● The uploaded tender documents become readable only after the tender opening by the authorized bid openers.

			● Upon the successful and timely submission of bids, the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details. ● Kindly add scanned PDF of all relevant documents in a single PDF file of compliance sheet. ● More information useful for submitting online bids on the CPP Portal may be obtained at: https://etenders.gov.in/eprocure/app. ● All tender documents including pre-qualification bid, Technical Bid &Financial Bid should be submitted separately in online CPP portal as per the specified format only. Right is reserved to ignore any tender which fails to comply with the above instructions. **No manual bid submission will be entertained.**
F)	**Marking on Technical Bid**		● The bidder eligibility criteria, technical specification and supply of item for this tender is given in Annexure B. ● The Bidders shall go through the specification and submit the technical bid. ● The Technical bid should be submitted in the proforma as per Annexure-B in pdf format only through online (e-tender). No manual submission of bid will be entertained. ● The technical bid should have a page-wise heading as “Technical Bid” and page no. in all pages with seal and signature of authorized signatory. The total no. of pages should be mentioned at the last page of the documents. ● The technical bid should consist of bidder eligibility criteria details and all technical details along with catalogue/ pamphlet which will give a detailed description of product with technical data sheet so that technical compliance can be verified.
G)	**Marking on Price Bid**		● Financial bid (BoQ) should be submitted in the prescribed proforma format as per Annexure-C in xls format through e-tender only. No manual or other form of submission of Financial Bid will not be entertained

4)	**Preparation of Tender**: The bidders should submit the bids in two bid system as detailed below. **Bid I _Technical Bid** The technical bid should consist of bidder eligibility criteria and technical specification compliance sheet as per Annexure-B. **Bid II _Price Bid** The price bid should be submitted in excel format (BoQ) as per the proforma (Annexure C) uploaded in the e-Tender web site. The Quoted price should be for supply and installation of the item and inclusive of all cost and statutory levies at IIT Madras.
5)	**Price:** a) The price should be quoted only in INR net per unit (after breakup) and must include all packing, transit insurance and delivery charges to the Department of Electrical Engineering. b) The rate quoted shall be all inclusive of all taxes and no extra payment will be made other than statutory revisions as per the terms and conditions stipulated in this contract document. c) The percentage of tax & duties should be clearly indicated separately. IIT Madras is eligible for

	custom duty (5.5%). Relevant certificates will be issued wherever necessary. d) The offer/bids should be submitted through online only in two bid system i.e. Technical Bid and Financial Bid separately.
6)	**Tenderer shall submit along with this tender:** (i) Proof of having ISO or other equivalent certification given by appropriate authorities. (ii) Name and full address of the Banker and their swift code and PAN No. and GSTIN number. (iii) GST registration proof showing registration number, area of registration etc. (iv) All of your future correspondences including Invoices should bear the GST No. and Area Code.
7)	**Terms of Delivery:** Supplier will be fully responsible for the safe carriage, Installation/Commissioning of goods up to the Department of Electrical Engineering, IIT Madras or named place as per PO, Insurance coverage will be in the scope of the supplier. The tenderer should indicate clearly the time required for delivery of the item (subject to the approval of the Executive Committee-IIT-Madras). In case there is any deviation in the delivery schedule, liquidated damages clause will be enforced or penalty for the delayed supply period will be levied. In the event of delay or non-supply of materials/execution of Contract beyond the date of delivery/completion of job. The penalty will be levied @1% per week of delay subject to a max of 10% of the value of purchase order and if the delay is more than accepted time frame by IIT M, the PO would be partially or fully cancelled and liquidated damages will be enforced accordingly.
8)	**Period for which the offer will remain open:** The Tender shall remain open for acceptance/validity till: 120 days from the date of opening of the tender. However, the day up to which the offer is to remain open being declared closed holiday for the Indian Institute of Technology Madras, the offer shall remain open for acceptance till the next working day.
9)	**EMD:** The EMD of **Rs. 3,00, 000** to be transferred to the account details mentioned in Annexure D and proof should be enclosed in the Technical Bid. Any offer not accompanied with the EMD shall be rejected summarily as non-responsive. The EMD of the unsuccessful bidders shall be returned within 30 days of the end of the bid validity period. The same shall be forfeited, if the tenderers withdraw their offer after the opening during the bid validity period. The Institute shall not be liable for payment of any interest on EMD. EMD is exempted for Micro and Small Enterprises (MSE) as defined in MSE Procurement Policy issued by Department of Micro, Small and Medium Enterprises (MSME) and Startups as recognized by Department of Industrial Policy & Promotion (DIPP). (MSE/MSME/DIPP PROOF should be enclosed in the cover containing technical bid).
10)	**Performance Security: -** The successful bidder should submit Performance Security for an amount of 3% of the value of the contract/supply. The Performance Security may be furnished in the form of an Account Payee DD, FD Receipt in the name of "The Registrar, IIT Madras" from any scheduled commercial bank or Bank Guarantee from any scheduled commercial bank in India. The performance security should be furnished within 14 days from the date of the purchase order. Performance Security in the form of Bank Guarantee: - In case the successful bidder wishes to submit Performance Security in the form of Bank Guarantee, the Bank Guarantee should be routed directly to IIT Madras from the Bank. The Bank Guarantee should remain valid for a period of sixty days beyond the date of completion of all contractual obligations of the supplier including the warranty obligations.

11)	For the same tender, either the OEM or the authorized dealer/service provider can only quote. But both of them cannot quote separately for the same tender.
12)	The offers/bids should be sent only for a item/Equipments of latest version that is available in the market and supplied to a number of customers. A list of customers in India with details must accompany the quotations. Quotations for a prototype machine will not be accepted
13)	Original catalogue (not any photocopy) of the quoted model duly signed by the principals must accompany the quotation in the Technical bid.
14)	Compliance or Confirmation report with reference to the specifications and other terms & conditions should also be obtained from the principal/OEM.
15)	**Risk Purchase Clause** In the event of failure of supply of the item/equipment within the stipulated delivery schedule, the purchaser has all the right to purchase the item/equipment from other sources on the total risk of the supplier under risk purchase clause.
16)	**Payment:** i. **Three Stage payment** a. **Stage 1:** 20% Payment will be done once the stage 1 is complete and is delivered b. **Stage 2**:40% Payment will be done once stage 2 is done and is delivered c. **Stage 3**:40% Payment will be done once stage 3 is done and is delivered (ii) Advance Payment: No advance payment is generally admissible. In case a specific percentage of advance payment is required, the Vendor has to submit a Bank Guarantee from a scheduled commercial bank in India equivalent to the amount of advance payment.
17)	**On-site Installation:** The equipment/item or Machinery has to be installed or commissioned by the successful bidder within the number of days (as prescribed by PI) from the date of receipt of the item at the site of IIT Madras.
18)	**Warranty/Guarantee:** The offer should clearly specify the warranty or guarantee period for the machinery/equipment. Any extended warranty offered for the same has to be mentioned separately (For more details please refer our Technical Specifications). **** Note: PO which involves installation, warranty/guarantee shall be applicable from date of installation.**
19)	**Acceptance and Rejection:** Failure to comply with any of the instructions stated in this document or offering unsatisfactory explanations for non-compliance will likely to lead to rejection of offers. I.I.T. Madras has the right to accept the whole or any part of the Tender or portion of the quantity offered or reject it in full without assigning any reason.
20)	**Debarment from Bidding:** In case of breach of Terms & Conditions, Bidder may be suspended from being eligible for bidding in any contract with the IIT Madras up to 2 Years [as per Rule 151(iii) of GFR] from the date of Tender.
21)	**Disputes and Jurisdiction:** **Settlement of Disputes:** Any dispute, controversy or claim arising out of or in connection with this PO including any question regarding its existence, validity, breach or termination, shall in the first instance be attempted to be resolved amicably by both the Parties. If attempts for such amicable resolution fails or no decision is reached within 30 days whichever is earlier, then such disputes shall be settled by arbitration in accordance with the Arbitration and Conciliation Act, 1996. Unless the Parties agree on a sole arbitrator, within 30 days from the receipt of a written request by one Party from the other Party to so agree, the arbitral panel shall comprise of three arbitrators. In that event, the supplier will nominate

	one arbitrator and the Project Coordinator of IITM shall nominate on arbitrator. The Dean IC&SR will nominate the Presiding Arbitrator of the arbitral tribunal. The arbitration proceeding shall be carried out in English language. The cost of arbitration and fees of the arbitrator(s) shall be shared equally by the Parties. The seat of arbitration shall be at IC&SR IIT Madras, Chennai. a. **The Applicable Law:** The Purchase Order shall be construed, interpreted and governed by the Laws of India. Court at Chennai shall have exclusive jurisdiction subject to the arbitration clause. b. Any legal disputes arising out of any breach of contact pertaining to this tender shall be settled in the court of competent jurisdiction located within the city of Chennai in Tamil Nadu.
22)	**Force Majeure:** The Supplier shall not be liable for forfeiture of its performance security, liquidated damages or termination for default, if and to the extent that, it's delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure. For purposes of this Clause, "Force Majeure" means an event beyond the control of the Supplier and not involving the Supplier's fault or negligence and not foreseeable. Such events may include, but are not limited to, acts of the Purchaser either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes. If a Force Majeure situation arises, the Supplier shall promptly notify the Purchaser in writing of such conditions and the cause thereof. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.
23)	**Eligibility Criteria:** ? **As per the Government of India Order, only "Class - I Local Suppliers" and "Class - II Local Suppliers" can participate in this tender.** ? **Bidder should confirm their acceptance that they comply with the provisions with report to "Guidelines for eligibility of a bidder from a country which shares a land border with India as detailed at Annexure-F. The bidder should submit Certificate for "Bidder from/ Not from Country sharing Land border with India & Registration of Bidder with Competent Authority" as per Order of DoE F.No.6/18/2019-PPD dated 23.07.2020 as mentioned.**
24)	**Preference to "class I Local Suppliers"**: preference will be given to "**class 1 local suppliers**" (subject to class -I local supplier's quoted price falling within the margin of purchase preference) as per public procurement (preference to make in India) order 2017 .O.M No P- 45021/2/2017 – pp(BE - 11) dt 04/06/2020 subject to the conditions that the "class 1 Local Supplier" should agree to supply goods / provide service at L1 rate and furnish a certificate with the technical bid document that the goods/service provided by them consists local content equal to or more than 50%.(certificate from Chartered Accountant in case value of contract exceeds Rs 10 crore). ? **'Class - I local supplier'** means a supplier or service provider whose goods, services or works offered for procurement consists of local content equal to or more than 50% as defined under the above said order. **Declaration to be provided as per Annexure-II per item/service/work.** ? **'Class - II local supplier'** means a supplier or service provider whose goods, services or works offered for procurement consists of local content equal to 20% but less than 50% as defined under the above said order. **Declaration to be provided as per Annexure-II per item/service/work.** ? **'Margin of purchase preference'**: - The margin of purchase preference shall be 20%. The Definition of the margin of purchase preference is defined in the Govt. of India Order No: **P-45021/12/2017-PP (BE-II) Dt.4th June, 2020) Order 2017. As per the Government of India Order – "Margin of Purchase Preference" means the maximum extent to which the price quoted by a "Class-I local supplier" may be above the L1 for the purpose of purchase preference.** ****Note: Local content percentage to be calculated in accordance with the definition provided at clause 2 of revised public procurement preference to Make in India Policy vide GoI Order no. P-45021/2/2017-PP (B.E.-II) dated 15.06.2017 (subsequently revised vide orders dated 28.05.2018,**

	29.05.2019and 04.06.2020) MOCI order No. 45021/2/2017-PP (BE II) Dt.16th September 2020 & P-45021/102/2019-BE-II-Part(1) (E-50310) Dt.4th March 2021
25)	**Evaluation of Bids** Bid evaluation will take place in two stages. **Stage I Technical Bid evaluation** All bidders who have fully complied with bidder eligibility criteria I, II and technical evaluation (Annexure B) will only be considered for opening of price bid. **Stage II: Price Bid Evaluation** The price bid evaluation will be based on price quoted by the bidder. The rate quoted for **PCBs Manufacturing and Assembly** unit will alone be taken up for arrival of Lowest Bid (L1) value.
26)	**Selection of successful bidder and Award of Order** The order will be directly awarded to the technically qualified bidder as per the condition in para 3A of DIPP, MoCI Order No. 45021/2/2017-PP (BE II) dated 16th September 2020.
27)	All information including selection and rejection of technical or financial bids of the prospective bidders will be communicated through e-Tender portal. In terms of Rule 173(iv) of General Financial Rule 2017, the bidder shall be at liberty to question the bidding conditions, bidding process and/or rejection of bids.
28)	The tenderer shall certify that the tender document submitted by him / her are of the same replica of the tender document as published by IIT Madras and no corrections, additions and alterations made to the same. If any deviation found in the same at any stage and date, the bid / contract will be rejected / terminated and actions will be initiated as per the terms and conditions of the contract.
29)	Due to Covid-19 pandemic pre-bid meeting will be conducted through online. Clarification to the queries and doubts raised by the bidders will be issued as a corrigendum/addendum in the e-tenders portal.
30)	Due to Covid-19 pandemic the bidders will not be entertained to participate in opening of Bids. Since the tender is e-tender, the opening of the bids may be checked using the respective logins of the bidders.

ACKNOWLEDGEMENT

It is hereby acknowledged that I/We have gone through all the points listed under "Specification, Guidelines, Terms and Conditions" of tender document. I/We totally understand the terms and conditions and agree to abide by the same.

ANNEXURE: B

TECHNICAL BID PROFORMA

Tender No. EE/GANT/64/2022/PCBMANASSEMBLY

Item Name: PCBs Manufacturing and Assembly

1.0 **Bidder Eligibility Criteria:**

I	**Bidder Eligibility Criteria-I (Public Procurement – Preference to Make in India)**	**Class I / Class II**	**Local Content value**	**Reference, Page No.**
I	Only 'Class-I local suppliers' and 'Class-II local suppliers', as defined under DIPP, MoCI Order No. P-45021/2/2017-PP (BE II) dated 16th September 2020 and other subsequent orders issued therein.			

2.0 **Bidder Eligibility Criteria II:**

II	**Bidder Eligibility Criteria-II**	**Compliance Yes/No**	**Reference, Page No.**
1	The Firm should have a minimum turnover of 5 crores/year. Evidence should be provided.		
2	The vendor must provide proof of business with other clients (at least 2) in the past year and can provide client references		
3	The Firm should be in business for a minimum of 5 years. Evidence should be provided.		
4	Please indicate prior Hihgh Speed FPGA and High Power RF boards (of similar complexity of at least 12 layers) that you have fabricated. Vendors without prior experience (of at least 2 prior boards) of similar complexity will be disqualified. Documentary evidence of the same should be provided.		
5	Explicitly indicate the PCB Fab details for each board and **its technical capabilities**, where each board will be fabricated. References to online material/documentation for verification **should** be provided. The bid might be disqualified if the technical capabilities of the proposed FAB are not clear or do not meet the technical requirements of the boards. 1. The country of the FAB should explicitly be mentioned. a. If these boards are manufactured in countries that share a land border with India, the bid will be eligible only if the FAB is registered with the competent authority and the required approvals are obtained as mentioned in the GFR amendments (Rule 144 (xi)) posted on 23rd July 2020. b. These required approvals have to be part of the technical tender for the bid to be valid.		
6	Prior engineering compliance with the FAB (for meeting the technical specifications, as mentioned in the subsequent		

II	**Bidder Eligibility Criteria-II**	**Compliance Yes/No**	**Reference, Page No.**
	sections) for manufacturing the required PCB should be provided (for each PCB) in the templates provided in the next sections. 1. The confirmation from the FAB (as email exchange or letters (in English)) should also be provided in the tender. 2. Some important considerations ● Most of the boards require blind vias. ● Impedance control is required for some boards. ● Rogers material is used for laminate and pre-preg for many boards		
7	Explicitly indicate the plant details **and its technical capabilities**, where the board will be assembled.		
8	Please indicate the country of the assembly facility. **The assembly facility should be in India**. ● Where IITM can ship the required components (FPGA's, ICs, Transceivers) ● The assembly plant and testing facility should be in India and should be ready for some basic rework as the case arises without additional cost ● Support for double-sided PCB assembly		
9	Assembly should have the capability of IPC-610 class2 and class 3 standards		
10	The assembly line should be capable of handling 01005 discrete components, 0.4 mm BGA's, 0.4 mm pitch, LGA CC-20-3, and should have the capability of odd angle placement		
12	Assembly Should have the facility for flying probe testers and automated optical lines (inspection)		
13	Assembly should have in house X-ray inspection should be available		

3.0 **Technical Compliance:**

1 Technical Specifications, quantities for compliance

The following boards are going to be manufactured. All the boards have three stages of manufacturing

Stage1: PCB fab and assembly for X no of boards. The exact numbers for assembled and bare boards are provided below.

Stage 2: PCB fab and assembly for Y no of boards. The exact numbers for assembled are provided below.

Stage 3: PCB fab and assembly for Z no of boards. The exact numbers for assembled boards are provided below.

S. No	Board name	Quantity for Stage 1			Quantity for Stage 2	Quantity for Stage 3	Total Quantity
		Bare Board	Power & Clock Board	Full Assembly	Full Assembly	Full Assembly	
1	MIMO DA	1	1	1	15	7	25
2	MIMO DFE	1	1	1	17	11	31
3	MIMO AFE	1	0	2	25	22	50
4	MIMO Power	1	0	2	17	11	31
5	MIMO Protection	1	0	2	16	7	26
6	MIMO QSFP Breakout	1	0	2	20	7	30
7	BBU	1	1	1	20	7	30
8	Programming Board	1	0	2	82	18	103
9	GPS Boards	1	0	2	10	10	23

*There will be minor design changes between Stage 1 and Stage 2 and Stage3.

<u>Compliance Sheet 1:</u>

		<u>Compliance</u>
<u>1</u>	There may be design changes in the PCBs (schematics and layout) between Stage 1 and Stage 2 and Stage3. Also a few components (around 5%) might change based on the outcomes of each stage. The Vendor should be able to accommodate these.	

Compliance sheet 2

		Compliance Yes/No
Turnaround time from the receipt of the PO till the fabrication and assembly of the boards for Stage 1	4 Weeks	
Turnaround time from the receipt of the go ahead till the fabrication and assembly of the boards for Stage 2	4 weeks	
Turnaround time from the receipt of the go ahead till the fabrication and assembly of the boards for Stage 3	4 weeks	

Terms and conditions.

Compliance sheet 3

	Agreed yes/No
The delivery time cannot be changed	
All the boards have been quoted. If some boards are not quoted the vendor will be dis-qualified	
The stack up, PCB pre-peg materials of the boards, the via dimensions and any technical specifications of these boards were **designed after extensive simulations and will be impossible to change**	
Basic rework might be requested (as required) and the vendor should support this without any additional cost	
PCB fabrication: At the end of Stage1, the firm should provide us with a report on the PCBs that were fabricated and assembled and proceed with the assembly only after technical approval by the IITM team.	
In the financial bid, the fabrication cost of each PCB, BOM cost and Assembly cost are separately and explicitly mentioned.	
Will provide the BOM as per the requirements for all the boards. The BOM for the boards will be provided as excel sheet upon request. Please email rganti@ee.iitm.ac.in and subashini@5gtbiitm.in. Part of the BOM for assembly will be provided by IITMadras.	
BOM supplied by the Vendor should have warranty and COC certification

3 Board Fabrication MIMO DA

Compliance sheet: MIMO DA

	Details
Country where PCB will be manufactured	
FAB name where PCB will be manufactured.	
FAB technical capability details are provided (As separate sheets)	
Company where PCB will be Assembled in India	

Description	Specification	Compliance Yes/No
No. of layers	18	
Via Technology	Through Hole	
Material(Specify clearly whether High Tg or Normal Tg)	Megtron-6	
Impedance control (Yes/No) Mention tolerance	Yes	
Board thickness (1.6mm/2.4mm/3.2mm/ any other) Mention Tolerance	Entire board must be: 70.97mil thickness over the copper 67.67mil thickness over the laminate 71.97mil thickness over the Soldermask	
Copper finish (35 microns/70 microns/ any other)	Copper Thickness: ● Outer Layers: a. Signal Layer Thickness 1.65 mil	

	● Inner Layers: a. Signal Layer Thickness 0.60 mil b. Power (Including ground) layers 0.60 and 1.2 mil	
Min. finished hole dia (mil)	8 Mil Mech and 6 Mil Laser vias	
Min. trace width (mil)	3	
Min. spacing (mil)	3	
Min. Annular ring (mil)	6	
Board finish(Hot Air Levelled/ Electroless Ni-Au / Hard Gold / any other)	Enig	
PCB Dimension in mm	120X230 - DA Card	
Metal core board	No	
Mil Grade	No	
Whether Group B Test Report required	No	
Solder Mask Colour	Green	
Silkscreen Colour	White	
RoHS Complaint	Yes	
UL Logo Required	Yes	
Back Drilling Required	No	
RF VIAS	No	
Stackup Requirements		
Customer required thickness	71.97/-9.25 mils Measured: Over mask on plated copper	
Specify Compliance to the Stackup at the bottom		
Specify Compliance to the Impedance table at the bottom		
Assembly		
No of comps per board	1249	
No of BGAs per board	7	
Maximum pin count	1760, 1 mm BGA	
Minimum BGA pitch	0.8 mm	
Total No of points to be soldered (no of Pins)	6000(approx)	
PTH pins	300	
Both side assembly	Yes	
Board Size-	120 X 230 mm	
Board Thickness	71.97 Mils	
No of Layers	18	

X-ray verification of the BGA's, LPA and QFN	Yes. Test results should be provided.	
AOI report for the components	Yes	
Manual Inspection of Q&A for all I.C's	yes

Compliance sheet BBU

	Details
Country where PCB will be manufactured	
FAB name where PCB will be manufactured.	
FAB technical capability details are provided (As separate sheets)	
Company where PCB will be Assembled in India	

Description	Specification	Compliance Yes/No
No. of layers	22	
Via Technology	Through Hole blind and buried with back drilling option	
Material(Specify clearly whether High Tg or Normal Tg)	Megtron-6	
Impedance control (Yes/No) Mention tolerance	Yes	
Board thickness (1.6mm/2.4mm/3.2mm/ any other) Mention Tolerance	Entire board must be: 95.0 mil thickness over the copper 93.86 mil thickness over the laminate 97.46 mil thickness over the Soldermask	
Copper finish (35 microns/70 microns/ any other)	Copper Thickness: ● Outer Layers: a. Signal Layer Thickness 1.6 mil ● Inner Layers: a. Signal Layer Thickness 0.6 and 1.6 mil b. Power (Including ground) layers 0.6, 0.8 and 1.2 mil	
Min. finished hole dia (mil)	8 Mil Mech and 6 Mil Laser vias	
Min. trace width (mil)	3	
Min. spacing (mil)	3	
Min. Annular ring (mil)	6	

Board finish(Hot Air Levelled/ Electroless Ni-Au / Hard Gold / any other)	Enig	
PCB Dimension in mm	312x 106x 2.43 mm (LxWxH)	
Metal core board	No	
Mil Grade	No	
Whether Group B Test Report required	No	
Solder Mask Colour	Green	
Silkscreen Colour	White	
RoHS Complaint	Yes	
UL Logo Required	Yes	
Back Drilling Required	No	
RF VIAS	No	
Stackup Requirements		
Customer required thickness	97.46 mils Measured: Over mask on plated copper	
Specify Compliance to the Stackup at the bottom		
Specify Compliance to the Impedance table at the bottom		
Milling for Male PCIE-slot, to make it to 1.6mm compatible slot	milling details, please contact rganti@ee.iitm.ac.in and subashini@5gtbiitm.in	
Assembly		
No of comps per board	1914	
No of BGAs per board	10	
Maximum pin count	1156, 1 mm BGA	
Minimum BGA pitch	1mm	
Total No of points to be soldered (no of Pins)	0.8mm	
PTH pins	6000(approx)	
Both side assembly	Yes	
Board Size-	312x 106 mm	
Board Thickness	2.43mm	
No of Layers	22	
X-ray verification of the BGA's, LPA and QFN	Yes. Test results should be provided.	
AOI report for the components	Yes	
Manual Inspection of Q&A for all I.C's	yes

6 MIMO Power

Compliance Sheet MIMO power

	Details
Country where PCB will be manufactured	
FAB name where PCB will be manufactured.	
FAB technical capability details are provided (As separate sheets)	
Company where PCB will be Assembled in India	

Description	Specification	Compliance Yes/No
No. of layers	4	
Via Technology	Through Hole	
Material(Specify clearly whether High Tg or Normal Tg)	FR4, TG180 HR grade	
Impedance control (Yes/No) Mention tolerance	No	
Board thickness (1.6mm/2.4mm/3.2mm/ any other) Mention Tolerance	Entire board must be: 2mm	
Copper finish (35 microns/70 microns/ any other)	105 micron for all layers	
Min. finished hole dia (mil)	13	

Min. trace width (mil)	10	
Min. spacing (mil)	12	
Min. Annular ring (mil)	29	
Board finish(Hot Air Levelled/ Electroless Ni-Au / Hard Gold / any other)	ENIG	
PCB Dimension in mm	204X84	
Metal core board	No	
Mil Grade	No	
Whether Group B Test Report required	No	
Solder Mask Colour	Green	
Silkscreen Colour	White	
RoHS Complaint	Yes	
UL Logo Required	Yes	
Back Drilling Required	No	
RF VIAS	No	
Stackup Requirements		
Customer required thickness	2mm	
Specify Compliance to the Stackupat the bottom note		
Specify Compliance to the Impedance table in the right bottom figure	N/A	
Assembly		
No of comps per board	116	
No of BGAs per board	0	
Maximum pin count	NA	
Minimum BGA pitch	NA	
Total No of points to be soldered (no of Pins)	350(approx)	
PTH pins	80(approx)	
Both side assembly	Yes	
Board Size-	204mmX84mm	
Board Thickness	2mm	
No of Layers	4	
X-ray verification of the BGA's, LPA and QFN	N/A	
AOI report for the components	Yes	
Manual Inspection of Q&A for all I.C's	yes	

Stackup	4 layers, Balanced stackup (TOP, LAYER1, LAYER2, BOTTOM)

7 MIMO protection

Compliance Sheet – MIMO Protection

	Details
Country where PCB will be manufactured	
FAB name where PCB will be manufactured.	
FAB technical capability details are provided (As separate sheets)	
Company where PCB will be Assembled in India	

Description	Specification	Compliance Yes/No
PCB Fabrication		
No. of layers	2	
Via Technology	Through Hole	
Material(Specify clearly whether High Tg or Normal Tg)	FR4, TG180 HR grade	
Impedance control (Yes/No) Mention tolerance	No	
Board thickness (1.6mm/2.4mm/3.2mm/ any other) Mention Tolerance	Entire board must be: 2mm	
Copper finish (35 microns/70 microns/ any other)	105micron for all layers	
Min. finished hole dia (mil)	10mil	
Min. trace width (mil)	10	
Min. spacing (mil)	12	
Min. Annular ring (mil)	20	
Board finish(Hot Air Levelled/ Electroless Ni-Au / Hard Gold / any other)	ENIG	
PCB Dimension in mm	298X92	
Metal core board	No	
Mil Grade	No	
Whether Group B Test Report required	No	
Solder Mask Colour	Green	
Silkscreen Colour	White	
RoHS Complaint	No	
UL Logo Required	Yes	
Back Drilling Required	No	
RF VIAS	No	

Stackup Requirements		
Customer required thickness	2 mm	
Specify Compliance to the Stackup at the bottom Note	N/A	
Specify Compliance to the Impedance table in the right bottom figure	N/A	
Assembly		
No of comps per board	68	
No of BGAs per board	0	
Maximum pin count	NA	
Minimum BGA pitch	NA	
Total No of points to be soldered (no of Pins)	250(approx)	
PTH pins	150(approx)	
Both side assembly	Single side	
Board Size-	298mmX92mm	
Board Thickness	2mm	
No of Layers	2	
X-ray verification of the BGA's, LPA and QFN	N/A.	
AOI report for the components	Yes	
Manual Inspection of Q&A for all I.C's	yes	

8 MIMO QSFP

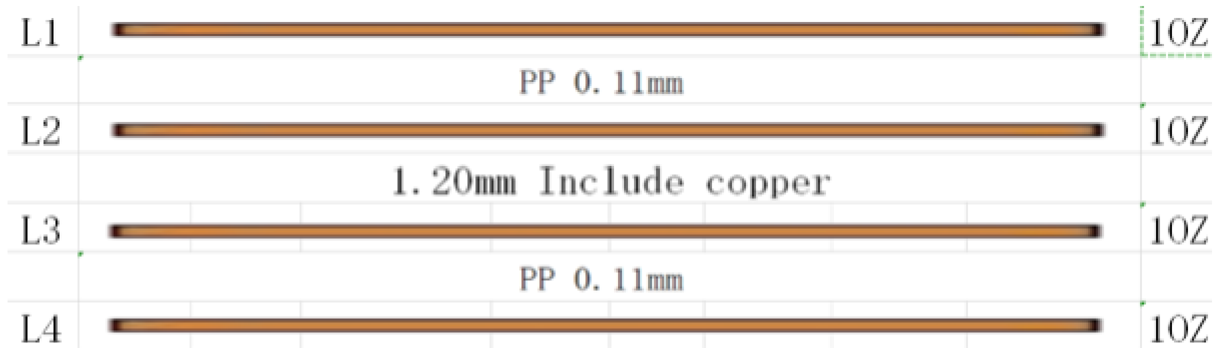
Compliance sheet- MIMO QSFP

	Details
Country where PCB will be manufactured	
FAB name where PCB will be manufactured.	
FAB technical capability details are provided (As separate sheets)	
Company where PCB will be Assembled in India	

Description	Specification	Compliance Yes/No
PCB Fabrication		
No. of layers	4	
Via Technology	Through Hole	
Material(Specify clearly whether High Tg or Normal Tg)	Megtron-6	

Impedance control (Yes/No) Mention tolerance	Yes	
Board thickness (1.6mm/2.4mm/3.2mm/ any other) Mention Tolerance	Entire board must be: 60.172 mil thickness over the copper 62.9921 thickness over the Soldermask	
Copper finish (35 microns/70 microns/ any other)	Copper Thickness: ● Outer Layers: a. Signal Layer Thickness 1.778 mil ● Inner Layers: a. Signal Layer Thickness 1.26mil b. Power (Including ground) layers 1.26	
Min. finished hole dia (mil)	10	
Min. trace width (mil)	7.5	
Min. spacing (mil)	5.5	
Min. Annular ring (mil)	20	
Board finish(Hot Air Levelled/ Electroless Ni-Au / Hard Gold / any other)	Enig	
PCB Dimension in mm	80x 75x1.6mm	
Metal core board	No	
Mil Grade	No	
Whether Group B Test Report required	No	
Solder Mask Colour	Green	
Silkscreen Colour	White	
RoHS Complaint	Yes	
UL Logo Required	Yes	
Back Drilling Required	No	
RF VIAS	No	
Stackup Requirements		
Customer required thickness	62.9921 mils Measured: Over mask on plated copper	
Specify Compliance to the Stackup at the bottom		
Specify Compliance to the Impedance table at the bottom		
Assembly		
No of comps per board	12	
No of BGAs per board	0	
Maximum pin count	0	
Minimum BGA pitch	0	
Total No of points to be soldered (no of Pins)	100 (Aprox)	

PTH pins	20	
Both side assembly	Yes	
Board Size-	80x 75x1.6mm	
Board Thickness	1.6mm	
No of Layers	4	
X-ray verification of the BGA's, LPA and QFN	Yes. Test results should be provided.	
AOI report for the components	Yes	
Manual Inspection of Q&A for all I.C's	yes	



Stack-up thickness is 1.5mm+/-0.08mm
Final board thickness is :1.60mm+/-10%
Material: FR4 TG170 Or Megtron 6
Final copper thickness is 1oz for all layers

Impedance Table

NO.	Type	Layer	Shield layer	Trace width (Original)	Impedance value（±10%)
1	Single	L1/L4	L2/L3	8 MIL	50 ohms
2	Differential	L1/L4	L2/L3	6/7 MIL	100 ohms
3	Differential	L1/L4	L2/L3	7.5/5.5 MIL	90 ohms

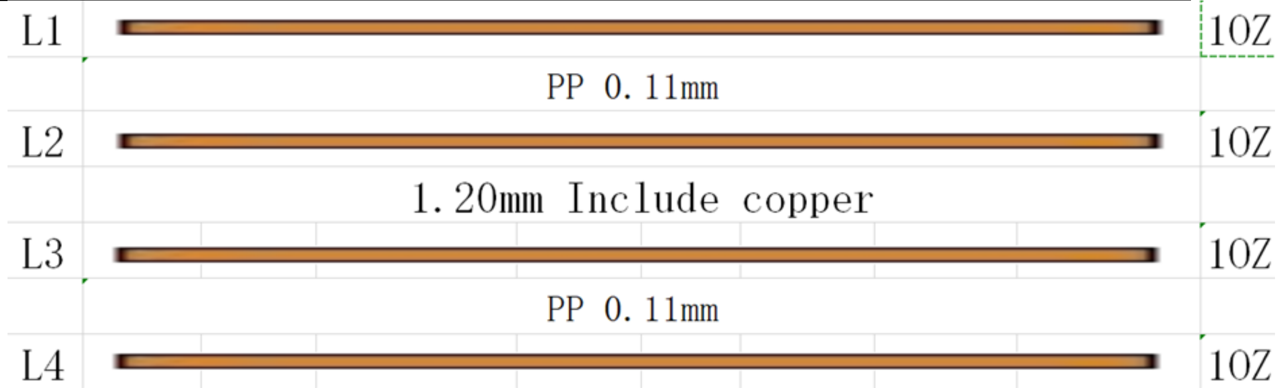
9 Programming Board

Compliance sheet-Programming board

	Details
Country where PCB will be manufactured	
FAB name where PCB will be manufactured.	
FAB technical capability details are provided (As separate sheets)	
Company where PCB will be Assembled in India	

Description	Specification	Compliance Yes/No
PCB Fabrication		
No. of layers	4	
Via Technology	Through Hole	
Material(Specify clearly whether High Tg or Normal Tg)	FR4 HR-TG170	
Impedance control (Yes/No) Mention tolerance	Yes	
Board thickness (1.6mm/2.4mm/3.2mm/ any other) Mention Tolerance	Entire board must be: 1.60mm+/-10% thickness over the copper 1.5mm+/-0.08mm thickness over the laminate	
Copper finish (35 microns/70 microns/ any other)	Copper Thickness: ● Outer Layers: a. Signal Layer Thickness 1 OZ ● Inner Layers: a. Signal Layer Thickness 1 OZ b. Power (Including ground) layers 1 OZ	
Min. finished hole dia (mil)	10 Mil (Mech)	
Min. trace width (mil)	3	
Min. spacing (mil)	3	
Min. Annular ring (mil)	6	
Board finish(Hot Air Levelled/ Electroless Ni-Au / Hard Gold / any other)	Enig	
PCB Dimension in mm	55X50	
Metal core board	No	

Mil Grade	No	
Whether Group B Test Report required	No	
Solder Mask Colour	Green	
Silkscreen Colour	White	
RoHS Complaint	Yes	
UL Logo Required	Yes	
Back Drilling Required	No	
RF VIAS	No	
Stackup Requirements		
Customer required thickness	1.60mm+/-10% Measured: Over mask on plated copper	
Specify Compliance to the Stackup at the bottom of table		
Specify Compliance to the Impedance table at the bottom of table		
Assembly		
No of comps per board	500	
No of BGAs per board	0	
Maximum pin count	0	
Minimum BGA pitch	0	
Total No of points to be soldered (no of Pins)	200	
PTH pins	100	
Both side assembly	no	
Board Size-	55 X 50 mm	
Board Thickness	62 Mils	
No of Layers	4	
X-ray verification of the BGA's, LPA and QFN	Yes. Test results should be provided.	
AOI report for the components	Yes	
Manual Inspection of Q&A for all I.C's	yes	



Impedance Table

NO.	Type	Layer	Shield layer	Trace width (Original)	Impedance value (±10%)
1	Single	L1/L4	L2/L3	8 MIL	50ohms
2	Differential	L1/L4	L2/L3	6/7 MIL	100ohms

10 GPS board

Compliance sheet- GPS
