The Manager (Project Purchase)

Date: 28.12.2022

Open Tender Reference No: OE/RAJEN/71/2022/MOTIONCAPTURE

GEM NAR ID: GEM/GARPTS/14122022/HIF7MDPNI6L9

Due Date/Time: 17.01.2023 @ 3:00 PM

Dear Sir/Madam,

On behalf of the Indian Institute of Technology Madras, Tenders are invited in two bid system from Class-I local suppliers and Class II local suppliers, for the supply of: **“Motion Capturing System (MCS) with accessories for tracking ship and offshore structure models in the IITM wave basin”** Conforming to the specifications given in **Annexure -A.**

Tender Documents may be downloaded from Central Public Procurement Portal <https://etenders.gov.in/eprocure/app>. Aspiring Bidders who have not enrolled / registered in e-procurement should enroll / register before participating through the website <https://etenders.gov.in/eprocure/app>. The portal enrolment is free of cost. Bidders are advised to go through instructions provided at **“Help for contractors”**. [Special Instructions to the Contractors/Bidders for the e-submission of the bids online through this eProcurement Portal”]

Bidders can access tender documents on the website (For searching in the NIC site, kindly go to Tender Search option and type ‘IIT’. Thereafter, click on “GO” button to view all IIT Madras tenders). Select the appropriate tender and fill them with all relevant information and submit the completed tender document online on the website <https://etenders.gov.in/eprocure/app> as per the schedule attached.

1)	Pre-bid Meeting Details	:	The Pre-bid meeting will be held on 04/01/2023 @ 03 PM via Video Conferencing. Interested bidders are requested to write an email to oestores@iitm.ac.in with the Participant Name, Company Name, Email and Phone Number on or before 5PM, 03 rd January 2023.
2)	ICSR Vendor Registration	:	Vendor registration code. Vendor registration with IC&SR (IITM) is mandatory for bidders to participate in tenders. ** For Vendor Registration & Guidelines, Please follow the website : https://icandsr.iitm.ac.in/vendorportal ; Helpdesk: vendorhelpdesk@icsrpis.iitm.ac.in

No manual bids will be accepted. All tender documents including Technical and Financial bids should be submitted in the E-procurement portal.

Last date for receipt of tender	:	17.01.2023 @ 3:00 PM
Date & time of opening of tender	:	18.01.2023 @ 3:00 PM

3. Instructions to the Bidder:

<u>A)</u>	Searching for tender documents	:	<ul style="list-style-type: none"> • There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, organization name, location, date, value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as organization name, form of contract, location, date, other keywords etc. to search for a tender published on the CPP Portal. • Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective “My Tender” folder. This would enable the CPP Portal to intimate the bidders through SMS / email in case there is any corrigendum issued to the tender document. • The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.
<u>B)</u>	Assistance to bidders	:	<ul style="list-style-type: none"> • Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender. • Any queries relating to the process of online bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk. The contact number for the helpdesk is [0120-4200462, 0120-4001002, 0120-4001005]
<u>C)</u>	Enrollment Process to Bidders	:	<p><u>REGISTRATION</u></p> <ul style="list-style-type: none"> • Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal URL:https://etenders.gov.in/eprocure/app by clicking on “Online Bidder Enrollment”. Enrollment on the CPP Portal is free of charge. • As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts. • Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal. • Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify / TCS / nCode / eMudhra etc.) • Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSCs to others which may lead to misuse. • Bidder then may log in to the site through the secured log-in by entering their user ID / password and the password of the DSC / eToken. • Possession of a Valid Class II/III Digital Signature Certificate (DSC) in the form of smart card/e-token in the company's name

			<p>is a prerequisite for registration and participating in the bid submission activities through https://etenders.gov.in/eprocure/app</p> <ul style="list-style-type: none"> • Digital Signature Certificates can be obtained from the authorized certifying agencies, details of which are available in the web site https://etenders.gov.in/eprocure/app under the “Information about DSC”.
<u>D)</u>	Preparation of bids	:	<ul style="list-style-type: none"> • Bidder should take into account any corrigendum published on the tender document before submitting their bids. • Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid. • Bidder, in advance, should prepare the bid documents to be submitted as indicated in the tender document / schedule and generally shall be in PDF / XLS formats as the case may be. Bid documents may be scanned with 100 dpi with black and white option. • To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such standard documents (e.g. PAN card copy, GSTIN Details, annual reports, auditor certificates etc.) has been provided to the bidders. Bidders can use “My Documents” area available to them to upload such documents. These documents may be directly submitted from the “My Documents” area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for bid submission process.
<u>E)</u>	Submission of bids	:	<ul style="list-style-type: none"> • Bidder should log into the site well in advance for bid submission so that he/she can upload the bid in time i.e. on or before the bid submission date and time. Bidder will be responsible for any delay due to other issues. • The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document. • Bidder has to select the bid security declaration. Otherwise, the tender will be summarily rejected. • A standard BOQ format has been provided with the tender document to be filled by all the bidders. Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. Bidders are required to download the BOQ file, open it and complete the detail with their respective financial quotes and other details (such as name of the bidder). If the BOQ file is found to be modified by the bidder, the bid will be rejected. • The server time (which is displayed on the bidders’ dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.

		<ul style="list-style-type: none"> • The Tender Inviting Authority (TIA) will not be held responsible for any sort of delay or the difficulties faced during the submission of bids online by the bidders due to local issues. • The uploaded tender documents become readable only after the tender opening by the authorized bid openers. • Upon the successful and timely submission of bids, the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details. • Kindly add scanned PDF of all relevant documents in a single PDF file of compliance sheet. • More information useful for submitting online bids on the CPP Portal may be obtained at: https://etenders.gov.in/eprocure/app. • All tender documents including pre-qualification bid, Technical Bid & Financial Bid should be submitted separately in online CPP portal as per the specified format only. Right is reserved to ignore any tender which fails to comply with the above instructions. No manual bid submission will be entertained.
F)	Marking on Technical Bid	<ul style="list-style-type: none"> • The bidder eligibility criteria, technical specification and supply of item for this tender is given in Annexure A. • The Bidders shall go through the specification and submit the technical bid. • The Technical bid should be submitted in the proforma as per Annexure-B in pdf format only through online (e-tender). No manual submission of bid will be entertained. • The technical bid should have a page-wise heading as “Technical Bid” and page no. in all pages with seal and signature of authorized signatory. The total no. of pages should be mentioned at the last page of the documents. • The technical bid should consist of bidder eligibility criteria details and all technical details along with catalogue/ pamphlet which will give a detailed description of product with technical data sheet so that technical compliance can be verified.
G)	Marking on Price Bid	<ul style="list-style-type: none"> • Financial bid (BoQ) should be submitted in the prescribed proforma format as per Annexure-C in xls format through e-tender only. No manual or other form of submission of Financial Bid will not be entertained

4)	<p>Preparation of Tender: The bidders should submit the bids in two bid system as detailed below.</p> <p>Bid I _Technical Bid</p> <p>The technical bid should consist of bidder eligibility criteria and technical specification compliance sheet as per Annexure-B.</p> <p>Bid II _Price Bid</p> <p>The price bid should be submitted in excel format (BoQ) as per the proforma (Annexure C) uploaded in the e-Tender web site. The Quoted price should be for supply and installation of the item and inclusive of all cost and statutory levies at IIT Madras.</p>
-----------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

5)	<p>Price:</p> <ul style="list-style-type: none"> a) The price should be quoted only in INR net per unit (after breakup) and must include all packing, transit insurance and delivery charges to the Department of Ocean Engineering. b) The rate quoted shall be all inclusive of all taxes and no extra payment will be made other than statutory revisions as per the terms and conditions stipulated in this contract document. c) The percentage of tax & duties should be clearly indicated separately. IIT Madras is eligible for custom duty (5.5%). Relevant certificates will be issued wherever necessary. d) The offer/bids should be submitted through online only in two bid system i.e. Technical Bid and Financial Bid separately.
6)	<p>Tenderer shall submit along with this tender:</p> <ul style="list-style-type: none"> (i) Proof of having ISO or other equivalent certification given by appropriate authorities. (ii) Name and full address of the Banker and their swift code and PAN No. and GSTIN number. (iii) GST registration proof showing registration number, area of registration etc. (iv) All of your future correspondences including Invoices should bear the GST No. and Area Code.
7)	<p>Terms of Delivery:</p> <p>Supplier will be fully responsible for the safe carriage, Installation/Commissioning of goods up to the Department of Ocean Engineering, IIT Madras or named place as per PO, Insurance coverage will be in the scope of the supplier.</p> <p>The tenderer should indicate clearly the time required for delivery of the item (subject to the approval of the Executive Committee-IIT-Madras). In case there is any deviation in the delivery schedule, liquidated damages clause will be enforced or penalty for the delayed supply period will be levied.</p> <p>In the event of delay or non-supply of materials/execution of Contract beyond the date of delivery/completion of job. The penalty will be levied @1% per week of delay subject to a max of 10% of the value of purchase order and if the delay is more than accepted time frame by IIT M, the PO would be partially or fully cancelled and liquidated damages will be enforced accordingly.</p>
8)	<p>Period for which the offer will remain open:</p> <p>The Tender shall remain open for acceptance/validity till: 120 days from the date of opening of the tender. However, the day up to which the offer is to remain open being declared closed holiday for the Indian Institute of Technology Madras, the offer shall remain open for acceptance till the next working day.</p>
9)	<p>EMD:</p> <p>The EMD of Rs. 3,00, 000 to be transferred to the account details mentioned in Annexure D and proof should be enclosed in the Technical Bid. Any offer not accompanied with the EMD shall be rejected summarily as non-responsive.</p> <p>The EMD of the unsuccessful bidders shall be returned within 30 days of the end of the bid validity period. The same shall be forfeited, if the tenderers withdraw their offer after the opening during the bid validity period. The Institute shall not be liable for payment of any interest on EMD.</p> <p>EMD is exempted for Micro and Small Enterprises (MSE) as defined in MSE Procurement Policy issued by Department of Micro, Small and Medium Enterprises (MSME) and Startups as recognized by Department of Industrial Policy & Promotion (DIPP). (MSE/MSME/DIPP PROOF should be enclosed in the cover containing technical bid).</p>

10)	<p>Performance Security: -</p> <p>The successful bidder should submit Performance Security for an amount of 3% of the value of the contract/supply. The Performance Security may be furnished in the form of an Account Payee DD, FD Receipt in the name of “The Registrar, IIT Madras” from any scheduled commercial bank or Bank Guarantee from any scheduled commercial bank in India. The performance security should be furnished within 14 days from the date of the purchase order.</p> <p>Performance Security in the form of Bank Guarantee: - In case the successful bidder wishes to submit Performance Security in the form of Bank Guarantee, the Bank Guarantee should be routed directly to IIT Madras from the Bank.</p> <p>The Bank Guarantee should remain valid for a period of sixty days beyond the date of completion of all contractual obligations of the supplier including the warranty obligations.</p>
11)	<p>For the same tender, either the OEM or the authorized dealer/service provider can only quote. But both of them cannot quote separately for the same tender.</p>
12)	<p>The offers/bids should be sent only for a item/Equipments of latest version that is available in the market and supplied to a number of customers. A list of customers in India with details must accompany the quotations. Quotations for a prototype machine will not be accepted</p>
13)	<p>Original catalogue (not any photocopy) of the quoted model duly signed by the principals must accompany the quotation in the Technical bid.</p>
14)	<p>Compliance or Confirmation report with reference to the specifications and other terms & conditions should also be obtained from the principal/OEM.</p>
15)	<p>Risk Purchase Clause</p> <p>In the event of failure of supply of the item/equipment within the stipulated delivery schedule, the purchaser has all the right to purchase the item/equipment from other sources on the total risk of the supplier under risk purchase clause.</p>
16)	<p>Payment:</p> <p>(i) No Advance payment will be made. However, 90% Payment against Delivery and 10% after installation are agreed to wherever the installation is involved.</p> <p>(ii) Advance Payment: No advance payment is generally admissible. In case a specific percentage of advance payment is required, the Vendor has to submit a Bank Guarantee from a scheduled commercial bank in India equivalent to the amount of advance payment.</p>
17)	<p>On-site Installation:</p> <p>The equipment/item or Machinery has to be installed or commissioned by the successful bidder within the number of days (as prescribed by PI) from the date of receipt of the item at the site of IIT Madras.</p>
18)	<p>Warranty/Guarantee:</p> <p>The offer should clearly specify the warranty or guarantee period for the machinery/equipment. Any extended warranty offered for the same has to be mentioned separately (For more details please refer our Technical Specifications).</p> <p>** Note: PO which involves installation, warranty/guarantee shall be applicable from date of installation.</p>
19)	<p>Acceptance and Rejection:</p> <p>Failure to comply with any of the instructions stated in this document or offering unsatisfactory explanations for non-compliance will likely to lead to rejection of offers.</p> <p>I.I.T. Madras has the right to accept the whole or any part of the Tender or portion of the quantity offered or reject it in full without assigning any reason.</p>

20)	<p>Debarment from Bidding:</p> <p>In case of breach of Terms & Conditions, Bidder may be suspended from being eligible for bidding in any contract with the IIT Madras up to 2 Years [as per Rule 151(iii) of GFR] from the date of Tender.</p>
21)	<p>Disputes and Jurisdiction:</p> <p>Settlement of Disputes: Any dispute, controversy or claim arising out of or in connection with this PO including any question regarding its existence, validity, breach or termination, shall in the first instance be attempted to be resolved amicably by both the Parties. If attempts for such amicable resolution fails or no decision is reached within 30 days whichever is earlier, then such disputes shall be settled by arbitration in accordance with the Arbitration and Conciliation Act, 1996. Unless the Parties agree on a sole arbitrator, within 30 days from the receipt of a written request by one Party from the other Party to so agree, the arbitral panel shall comprise of three arbitrators. In that event, the supplier will nominate one arbitrator and the Project Coordinator of IITM shall nominate an arbitrator. The Dean IC&SR will nominate the Presiding Arbitrator of the arbitral tribunal. The arbitration proceeding shall be carried out in English language. The cost of arbitration and fees of the arbitrator(s) shall be shared equally by the Parties. The seat of arbitration shall be at IC&SR IIT Madras, Chennai.</p> <p>a. The Applicable Law: The Purchase Order shall be construed, interpreted and governed by the Laws of India. Court at Chennai shall have exclusive jurisdiction subject to the arbitration clause.</p> <p>b. Any legal disputes arising out of any breach of contract pertaining to this tender shall be settled in the court of competent jurisdiction located within the city of Chennai in Tamil Nadu.</p>
22)	<p>Force Majeure: The Supplier shall not be liable for forfeiture of its performance security, liquidated damages or termination for default, if and to the extent that, its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.</p> <p>For purposes of this Clause, “Force Majeure” means an event beyond the control of the Supplier and not involving the Supplier’s fault or negligence and not foreseeable. Such events may include, but are not limited to, acts of the Purchaser either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.</p> <p>If a Force Majeure situation arises, the Supplier shall promptly notify the Purchaser in writing of such conditions and the cause thereof. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.</p>
23)	<p>Eligibility Criteria:</p> <ul style="list-style-type: none"> ➤ As per the Government of India Order, only “Class - I Local Suppliers” and “Class - II Local Suppliers” can participate in this tender. ➤ <u>Bidder should confirm their acceptance that they comply with the provisions with report to “Guidelines for eligibility of a bidder from a country which shares a land border with India as detailed at Annexure-F. The bidder should submit Certificate for “Bidder from/ Not from Country sharing Land border with India & Registration of Bidder with Competent Authority” as per Order of DoE F.No.6/18/2019-PPD dated 23.07.2020 as mentioned.</u>
24)	<p>Preference to “class I Local Suppliers”: preference will be given to “class 1 local suppliers” (subject to class -I local supplier’s quoted price falling within the margin of purchase preference) as per public procurement (preference to make in India) order 2017 .O.M No P- 45021/2/2017 – pp(BE - 11) dt 04/06/2020 subject to the conditions that the “class 1 Local Supplier” should agree to supply goods / provide service at L1 rate and furnish a certificate with the technical bid document that the goods/service provided by them consists local content equal to or more than 50%.(certificate from</p>

	<p>Chartered Accountant in case value of contract exceeds Rs 10 crore).</p> <ul style="list-style-type: none"> ➤ ‘Class - I local supplier’ means a supplier or service provider whose goods, services or works offered for procurement consists of local content equal to or more than 50% as defined under the above said order. Declaration to be provided as per Annexure-II per item/service/work. ➤ ‘Class - II local supplier’ means a supplier or service provider whose goods, services or works offered for procurement consists of local content equal to 20% but less than 50% as defined under the above said order. Declaration to be provided as per Annexure-II per item/service/work. ➤ ‘Margin of purchase preference’: - The margin of purchase preference shall be 20%. The Definition of the margin of purchase preference is defined in the Govt. of India Order No: P-45021/12/2017-PP (BE-II) Dt.4th June, 2020) Order 2017. As per the Government of India Order – “Margin of Purchase Preference” means the maximum extent to which the price quoted by a “Class-I local supplier” may be above the L1 for the purpose of purchase preference. <p>**Note: Local content percentage to be calculated in accordance with the definition provided at clause 2 of revised public procurement preference to Make in India Policy vide GoI Order no. P-45021/2/2017-PP (B.E.-II) dated 15.06.2017 (subsequently revised vide orders dated 28.05.2018, 29.05.2019 and 04.06.2020) MOCI order No. 45021/2/2017-PP (BE II) Dt.16th September 2020 & P-45021/102/2019-BE-II-Part(1) (E-50310) Dt.4th March 2021</p>
25)	<p>Evaluation of Bids</p> <p>Bid evaluation will take place in two stages.</p> <p>Stage I Technical Bid evaluation</p> <p>All bidders who have fully complied with bidder eligibility criteria I, II and technical evaluation (Annexure A) will only be considered for opening of price bid.</p> <p>Stage II: Price Bid Evaluation</p> <p>The price bid evaluation will be based on price quoted by the bidder. The rate quoted for Motion Capturing System (MCS) with accessories for tracking ship and offshore structure models in the IITM wave basin unit will alone be taken up for arrival of Lowest Bid (L1) value.</p>
26)	<p>Selection of successful bidder and Award of Order</p> <p>The order will be directly awarded to the technically qualified bidder as per the condition in para 3A of DIPP, MoCI Order No. 45021/2/2017-PP (BE II) dated 16th September 2020.</p>
27)	<p>All information including selection and rejection of technical or financial bids of the prospective bidders will be communicated through e-Tender portal. In terms of Rule 173(iv) of General Financial Rule 2017, the bidder shall be at liberty to question the bidding conditions, bidding process and/or rejection of bids.</p>
28)	<p>The tenderer shall certify that the tender document submitted by him / her are of the same replica of the tender document as published by IIT Madras and no corrections, additions and alterations made to the same. If any deviation found in the same at any stage and date, the bid / contract will be rejected / terminated and actions will be initiated as per the terms and conditions of the contract.</p>
29)	<p>Due to Covid-19 pandemic pre-bid meeting will be conducted through online. Clarification to the queries and doubts raised by the bidders will be issued as a corrigendum/addendum in the e-tenders portal.</p>
30)	<p>Due to Covid-19 pandemic the bidders will not be entertained to participate in opening of Bids. Since the tender is e-tender, the opening of the bids may be checked using the respective logins of the bidders.</p>

ACKNOWLEDGEMENT

It is hereby acknowledged that I/We have gone through all the points listed under “Specification, Guidelines, Terms and Conditions” of tender document. I/We totally understand the terms and conditions and agree to abide by the same.

**SIGNATURE OF TENDERER ALONG WITH SEAL OF
THE COMPANY WITH DATE**

Bidder Eligibility Criteria and Technical Specification for Motion Capturing System (MCS) with accessories for tracking ship and offshore structure models in the IITM wave basin

Tender No. OE/RAJEN/71/2022/MOTIONCAPTURE

Bidder Eligibility Criteria – I (Public Procurement – Preference to Make in India)

Only 'Class-I local suppliers' and 'Class-II local suppliers', as defined under DIPP, MoCI Order No. P-45021/2/2017-PP (BE-II) dated 16th September 2020 and other subsequent orders issued therein.

Bidder Eligibility Criteria – II

The bidder/OEM should have supplied at least 3 similar item to IITs, NITs, IISERs, CSIR Labs or other Govt. organizations in the last 5 years, PO copies or installation certificates along with contact details of end user need to be submitted as the proof of supply. IIT Madras reserves its right to verify the claims.

**III. TECHNICAL SPECIFICATION for
Motion Capturing System (MCS) with accessories for tracking ship and offshore
structure models in the IITM wave basin**

Sl.No	Specifications
1.	Measurement - The device will be used for measuring 6DoF motions of ship and offshore structure models in the wave basin of the Dept. of Ocean Engineering, IIT Madras. The wave basin size is 30m x 30m x3m and the MCS can be permanently fixed around the wave basin periphery without hindering existing infrastructure. The prospective bidder is advised to visit the facility where the MCS is proposed to be installed to assess existing infrastructure that should never be disturbed for the purpose of installing the MCS. The instrument should have a vessel tracking module of good accuracy to track any marine vessel inside all of the wave basin. The MCS should be a non-contact camera-based measuring system.
2.	The MCS must be capable of giving the spatial location and velocities of the vessel in the inertial frame in the wave basin.
3.	The device must be capable of measuring Roll, pitch, and yaw angles and corresponding angular rates. It should also be capable of measuring surge, sway and heave positions, velocities and accelerations.
4.	Resolution -The resolution of the device must be less than 0.02° in roll, pitch, and yaw axes.
5.	Accuracy - The device should have an accuracy of <ul style="list-style-type: none"> • <1cm in terms of absolute error i.e. the error measured with reference to a global inertial frame in a 30m x 30m area for a ship maneuvering case. • <1mm in terms of relative error i.e. the error measured with reference to the dimensions of a calibrated object in a 30m x 30m area. • < 0.1° in yaw angle and < 0.1° in roll and pitch angular measurements. • <0.01 m/s accuracy in velocity measurements and <0.01°/s accuracy in angular rate measurements. • <0.01 m/s^2 accuracy in acceleration measurements • Sufficient latency should be guaranteed for real-time display on the viewer's display • Minimum sampling rate for output measurement should be in the range of 25- 200Hz
6.	Output range of the device should be ±180° in angular measurements i.e. roll, pitch and yaw, and ±10 m/s^2 in acceleration.

7.	Outputs of the device to be on RS-232, RS-422, RS485, and Ethernet, and a maximum output rate of up to 200 Hz
8.	The initial calibration procedure should be user-friendly and the time consumed for the initial calibration should be less than an hour. The possibility of auto-calibration in the case of a fixed system is preferred. The calibration equipment should be supplied by the vendor. It's the responsibility of the vendor to calibrate and make it operational.
9.	The MCS should be waterproof and resilient against water splashing. It can be used in an ambient lighting environment and should not require any special lighting. The vendor software should be capable of masking any background light
10.	Application programming interface (API) of the device should be easy to program with basic languages like C, C++, Python, etc. The MCS should be able to integrate with third-party application software such as Matlab, NI LabVIEW, etc. The plugins for Robot Operating System (ROS) and other third-party software should be provided. Successful integration into MATLAB, LabVIEW and ROS must be demonstrated by the vendor prior to hand over. Also all necessary scripts and drivers must be provided on installation at IIT Madras.
11.	The data collection and visualization software packages should be provided by the vendor.
12.	Software - The device software must be compatible with any operating system (OS), i.e. Windows or Linux. The data acquisition software should be supplied free of cost. The post-processing part will be written by IITM.
13.	Input voltage-The MCS should be AC powered.
14.	Power consumption- device should consume less power. (Up to 5 watts)
15.	Operational temperature range- The device should work well in the temperature range of -5° Celsius to 60° Celsius. It should also be capable of being in operation for long hours without any excessive heat generation.
16.	Device should have bidirectional, configurable ports and data transfer speed to be as high as 150 Mbps
17.	Units- Output measurements of the device to be in SI units
18.	Communication- Communication between the MCS (info on the coordinates of the vessel and other DoF) and the model in the wave basin should be possible through wireless communication during vessel tracking.
19.	Disturbance- The measured data from the device should be reliable even in the presence of transient accelerations, vibrations, and any other source of the disturbance.
20.	The device should possess excellent vibration rejection characteristics.
21.	The vendor will be responsible for the complete installation of the system and on-site training of the IITM personnel including the system set up, calibration and tracking.
22.	As a part of technical evaluation, Bidders are required to give an in person presentation before purchase committee. The date for presentation will be intimated to bidders through email after the technical bid opening. Demonstration of the technology The capability of the MCS in tracking a scaled model of a ship in the wave basin should be demonstrated as a part of the approval of the technical bid. The ship model will be supplied by IIT Madras and the results will be validated against other sensors available with the IITM team.
23.	Warranty The vendor should provide a warranty of minimum 2 years. This should include the warranty cover for all hardware and software equipment and should include all the labor/shipping costs for repairs or replacements. Unlimited technical support should be provided during the lifetime of the system without additional costs. The local representative should be available within India and should be available within a week for any kind of troubleshooting that may come up during the installation/operation of the MCS
	Additional Requirements:

24.	Vendors should provide continuous technical support and maintenance of equipment.
25.	Vendors must have sufficient experience in supplying equipment in reputed organizations for research purposes. They must provide references of the end-users whom we can contact for their experience with the supplied machine. Experience of the end-users may also be used as a criterion for the selection of bids that meet technical requirements.
26.	Vendors must provide detailed documentation and user manuals (in English) for the equipment.
27.	Vendors must provide training to our technical staff for using the equipment.
28.	All the expenses for installation, training and post-sales technical support will be borne by the vendor.

TECHNICAL BID PROFORMA

Tender No. OE/RAJEN/71/2022/MOTIONCAPTURE

Item Name: Motion Capturing System (MCS) with accessories for tracking ship and offshore structure models in the IITM wave basin

1.0 Bidder Eligibility Criteria:

I	Bidder Eligibility Criteria-I (Public Procurement – Preference to Make in India)	Class I / Class II	Local Content value	Reference, Page No.
I	Only 'Class-I local suppliers' and 'Class-II local suppliers', as defined under DIPP, MoCI Order No. P-45021/2/2017-PP (BE II) dated 16 th September 2020 and other subsequent orders issued therein.			
II	Bidder Eligibility Criteria-II	Compliance (Yes/No)	Reference Page No.	Remarks, If any
1	The bidder/OEM should have supplied at least 3 similar items to IITs, NITs, IISERS, CSIR Labs or other Govt. organizations in the last 5 years, PO copies or installation certificates along with contact details of end user need to be submitted as the proof of supply. IIT Madras reserves its right to verify the claims.			

2.0 Technical Compliance:

Sl. No	Specification	Compliance Yes/No	Ref. Page no.
1.	Measurement - The device will be used for measuring 6DoF motions of ship and offshore structure models in the wave basin of the Dept. of Ocean Engineering, IIT Madras. The wave basin size is 30m x 30m x3m and the MCS can be permanently fixed around the wave basin periphery without hindering existing infrastructure. The prospective bidder is advised to visit the facility where the MCS is proposed to be installed to assess existing infrastructure that should never be disturbed for the purpose of installing the MCS. The instrument should have a vessel tracking module of good accuracy to track any marine vessel inside all of the wave basin. The MCS should be a non-contact camera-based measuring system.		
2.	The MCS must be capable of giving the spatial location and velocities of the vessel in the inertial frame in the wave basin.		
3.	The device must be capable of measuring Roll, pitch, and yaw angles and corresponding angular rates. It should also be capable of measuring surge, sway and heave positions, velocities and accelerations.		
4.	Resolution -The resolution of the device must be less than 0.02° in roll, pitch, and yaw axes.		

5.	<p>Accuracy - The device should have an accuracy of</p> <ul style="list-style-type: none"> • <1cm in terms of absolute error i.e. the error measured with reference to a global inertial frame in a 30m x 30m area for a ship maneuvering case. • <1mm in terms of relative error i.e. the error measured with reference to the dimensions of a calibrated object in a 30m x 30m area. • < 0.1° in yaw angle and < 0.1° in roll and pitch angular measurements. • <0.01 m/s accuracy in velocity measurements and <0.01°/s accuracy in angular rate measurements. • <0.01 m/s² accuracy in acceleration measurements • Sufficient latency should be guaranteed for real-time display on the viewer's display • Minimum sampling rate for output measurement should be in the range of 25- 200Hz 		
6.	Output range of the device should be ±180° in angular measurements i.e. roll, pitch and yaw, and ±10 m/s ² in acceleration.		
7.	Outputs of the device to be on RS-232, RS-422, RS485, and Ethernet, and a maximum output rate of up to 200 Hz		
8.	The initial calibration procedure should be user-friendly and the time consumed for the initial calibration should be less than an hour. The possibility of auto-calibration in the case of a fixed system is preferred. The calibration equipment should be supplied by the vendor. It's the responsibility of the vendor to calibrate and make it operational.		
9.	The MCS should be waterproof and resilient against water splashing. It can be used in an ambient lighting environment and should not require any special lighting. The vendor software should be capable of masking any background light		
10.	Application programming interface (API) of the device should be easy to program with basic languages like C, C++, Python, etc. The MCS should be able to integrate with third-party application software such as Matlab, NI LabVIEW, etc. The plugins for Robot Operating System (ROS) and other third-party software should be provided. Successful integration into MATLAB, LabVIEW and ROS must be demonstrated by the vendor prior to hand over. Also all necessary scripts and drivers must be provided on installation at IIT Madras.		
11.	The data collection and visualization software packages should be provided by the vendor.		
12.	Software - The device software must be compatible with any operating system (OS), i.e. Windows or Linux. The data acquisition software should be supplied free of cost. The post-processing part will be written by IITM.		
13.	Input voltage-The MCS should be AC powered.		
14.	Power consumption- device should consume less power. (Up to 5 watts)		
15.	Operational temperature range- The device should work well in the temperature range of -5° Celsius to 60° Celsius. It should also be capable of being in operation for long hours without any excessive heat generation.		
16.	Device should have bidirectional, configurable ports and data transfer speed to be as high as 150 Mbps		

17.	Units- Output measurements of the device to be in SI units		
18.	Communication- Communication between the MCS (info on the coordinates of the vessel and other DoF) and the model in the wave basin should be possible through wireless communication during vessel tracking.		
19.	Disturbance- The measured data from the device should be reliable even in the presence of transient accelerations, vibrations, and any other source of the disturbance.		
20.	The device should possess excellent vibration rejection characteristics.		
21.	The vendor will be responsible for the complete installation of the system and on-site training of the IITM personnel including the system set up, calibration and tracking.		
22.	As a part of technical evaluation, Bidders are required to give an in-person presentation before purchase committee. The date for presentation will be intimated to bidders through email after the technical bid opening. Demonstration of the technology The capability of the MCS in tracking a scaled model of a ship in the wave basin should be demonstrated as a part of the approval of the technical bid. The ship model will be supplied by IIT Madras and the results will be validated against other sensors available with the IITM team.		
23.	Warranty The vendor should provide a warranty of minimum 2 years. This should include the warranty cover for all hardware and software equipment and should include all the labor/shipping costs for repairs or replacements. Unlimited technical support should be provided during the lifetime of the system without additional costs. The local representative should be available within India and should be available within a week for any kind of troubleshooting that may come up during the installation/ operation of the MCS		
	Additional Requirements:		
24.	Vendors should provide continuous technical support and maintenance of equipment.		
25.	Vendors must have sufficient experience in supplying equipment in reputed organizations for research purposes. They must provide references of the end-users whom we can contact for their experience with the supplied machine. Experience of the end-users may also be used as a criterion for the selection of bids that meet technical requirements.		
26.	Vendors must provide detailed documentation and user manuals (in English) for the equipment.		
27.	Vendors must provide training to our technical staff for using the equipment.		
28.	All the expenses for installation, training and post-sales technical support will be borne by the vendor.
